

Spotlight on our Employees. Kim Youngjin

That smiling, seemingly teenage face that greets you in the Medical Clinic belongs to Kim Youngjin. Despite her youthful appearance, Kim is the mother of two sons, both high achievers who are 18 and 21 years old. Somehow she makes sure we all get to our appointments and that our medical records are properly maintained. She is always so cheerful that she makes our medical appointments almost pleasurable. Thank you, Kim. (Bio by Jerry Anderson)
