

## **SPOTLIGHT ON OUR EMPLOYEES: Alisse Le (Ha)**

Brought to you by the Annual Employee Appreciation Fund Committee

What an appropriate name, Ha, for someone who laughs and smiles all the time! Ha changed her Vietnamese first name to Alisse when she became a United States Citizen fifteen years ago. It didn't stick--everyone here at Canterbury Woods calls her Ha. She has been living in the Monterey Bay Area for twenty-one years.

Ha is Canterbury Woods' Dietary Clerk which involves speaking to residents requiring trays about their menu choices (her favorite part of the job), checking that the trays are set up accurately before they are delivered and keeping a tally of orders for the cooks so that they prepare the correct amounts. She started as a Server before being trained for her current position. She has been here for thirteen years. Previous positions included Cashier at Grocery Outlet in Marina (four years) and Server at Carrows in Monterey (ten years). While working here she also obtained her Certified Nursing Assistant Certificate and has a second full-time position at Carmel Valley Manor in their Medical Center.

Ha has been married to Juan, an IT professional, for five years. When not working, she enjoys bowling with friends and an occasional tennis match. She has no pets of her own, but walks her in-law's dog "Tiger". (She calls him that because he can pull her over!)
