

SPOTLIGHT ON OUR EMPLOYEES: Luisa Hernandez Ventura

Brought to you by the Annual Employee Appreciation Fund Committee

My name is Luisa E. Hernandez V. I was born and raised in a small town, San Pablo, Mexico that is located in Oaxaca. I came to the United States when I was thirty-five and became a resident here. I have four kids and I have been married for thirty-five years. I'm also a grandma of nine grandkids :).

I like to cook many different traditional Mexican dishes all the time and enjoy cooking other traditional foods as well. I love to spend time with my family and hear music such as cumbia, rancheras and classical songs. I also enjoy shopping, especially for purses and coats :)!

I also enjoy working for Canterbury Woods. I have been employed for ten years now and I like what I do :). Also I appreciate how all my co-workers respect me and I'm thankful for Robert. He has been a good and respectful manager towards me since day one. I want to thank all the residents also for being nice and complimenting me for my hard work.

Thank you.

Editor's notes: Luisa works in the "back of the house" mostly the evening shift and mainly can be seen in the dining room clearing the steam tables at the end of the meal. Luisa's biography was written by her daughter Elizabeth Jimenez for presentation at the Employee Recognition Ceremony on February 11, 2014 and edited by Karen Pihl.
